WORK EXPERIENCE

Electric Scooter Technician

June 2022 - October 2022

Bird Canada, Ottawa

- Diagnosed electric scooters using computerized diagnostic equipment such as digital multimeters.
- Dismantled and disassembled the frame to repair or replace defective parts such as speakers, motors, batteries, brakes, brains, and electrical systems.
- Conducted run tests after different repairs.
- Calibrated the brakes and changed tires and wheels.
- Performed general inspections and routine services.
- Used hand and power tools such as wrenches, drills, and screwdrivers to perform maintenance operations on electric scooters.

Electronics Teacher

March 2016 – March 2022

Higher Institute of Advanced Technology and Management, Douala Cameroon

- Prepared material to be taught to students in accordance with an approved curriculum.
- Taught electronic subjects such as digital and analog electronics, microcontrollers and microprocessors programming, tests and measurements, and electronic assembly to students.
- Prepared, conducted, and graded exams.
- Taught students according to a methodical plan including lectures, discussions, audiovisual presentations, and workshops.
- Carried out practical work in the electronics laboratory.

CERTIFICATIONS AND LICENSES

- Certified ScrumMaster® (CSM®)
